CUBANS NEARLY RESTORE ORDER

1500 Troops Sent to Guantanamo; Few Rebel Bands Remain.

Santiago, Cuba, March 27.—A long step in the direction of reestablishment of governmental control was taken yesterday in the dispatching of 1500 soldiers from Santiago to Guantanamo.

Neither Amelio Barea, secretary of the interior, who is still here, nor officers of the army progress to fear serious resistance by rebels in the Guantanamo district, notwithstanding the fact that it is the headquarters of Rigoberto Fernandez, the rebel leader who has a considerable force with him.

Several hundred American marines and U. S. soldiers are at Guantanamo, but the government has been quick to understand they will be withdrawn as soon as the regular troops display their ability to maintain order.

The nucleus of rebels nearest Santiago is that at Sonoma some 20 miles away. Important skirmishes have occurred but no determined effort has been made thus far to dislodge them. Reports from Manzanillo, Jalisco, Firmeza, El Cobre and points near Havana are that all is quiet. American naval guards are still on shore duty.

TWO GOOD REMEDIES WORKING TOGETHER, PRODUCE MARVELOUS RESULTS.

For instance, Hood's Sarsaparilla, the standard blood purifier, is recommended for conditions that are troublesome or impair the blood. Pepton Pills, the new iron tonic, are especially recommended for conditions that are radically or characteristically anemic.

Many persons suffer from a combination of these conditions. They are afflicted with swellings of the glands, blemishes on the neck, cutaneous eruptions, and sores on different parts of the body, limbs and face, and are besides pale and nervous.

If these patients take both Hood's Sarsaparilla (before meals) and Pepton Pills (after meals), they are reasonably sure to derive fourfold benefit. These two great medicines supplement each other, and the use of both, even in cases where only one may appear to be indicated, is of great advantage. Get them from your druggist.—Adv.

COHAN AT WIGWAM SCORES TRIUMPH

Famous Star Duplicates His Triumphs in First Screen Appearance.

George M. Cohan, the man who never had a failure in his life, scored one of the greatest triumphs in his very eventful life at the Wigwam theater yesterday, where he made his premier appearance in "Broadway Jones," his greatest stage success. It is classy—it is snappy—it is dashing—it has its pit and its romance. "Broadway Jones" is in a class by itself. George M. Cohan is just the same on the screen as he was on the stage. The same manerisms are there, the same energy and "zip" which made him a national favorite and one feels in seeing the picture as if he were seeing Cohan himself.

Every detail of the story is told in the picture. The scenes explain themselves, but the lines shown as titles are clear and easy to read. The big audience yesterday, who kept the big audience nearly all of it written by George M. Cohan, played during the showing of the picture. It is a treat to the enjoyment of a splendid photograph.

Come to the matinee. Do not get crowded on Broadway, give a baroque characterization of the title role. He wins and wins the girl, amid alluring surroundings, but fails to overcome her recent training and honest instinct. He brings out the snappy and devilish cunning of the man in his facial expression and attitude. He shows the degrees by which such creatures lure their victims to ruin and how callously and carelessly they exact the last shred of honor. Alma Hanton is a charming picture of youthful innocence and her dramatic escape from the toils of the river gives the most cynical and blasé a veritable thrill of horror and amazement. But the surprise finish is such a happy one that it comes as a pleasant relief and makes one leave feeling refreshed and glad that he has seen this picture.

The first show will start at 11:15 and will commence over every hour and a half thereafter, the last show starting at 8:15. Regular prices of 10, 15 and 25 cents will prevail.—Adv.

LOVE AND LUXURY IN THE LIBERTINE

Luxury, love and luxury in the libertine, which keeps clamoring for an answer in the heart of each theatergoer who sees "The Libertine," which is being shown at the Grosvenor today and tomorrow for the last two days as played by John Mason and Alma Hanton in the leading roles. First the beautiful working girl seems about to bring her romance to a happy conclusion with marriage to a thoroughly manly and lovable type of young man of her own class. Then she gets a job as a model in a fashionable shop on Fifth Avenue. Through the fellow who is wise in the ways of the world, she comes under the influence of the libertine.

John Mason, who has starred for years on Broadway, gives a baroque characterization of the title role. He wins and wins the girl, amid alluring surroundings, but fails to overcome her recent training and honest instinct. He brings out the snappy and devilish cunning of the man in his facial expression and attitude. He shows the degrees by which such creatures lure their victims to ruin and how callously and carelessly they exact the last shred of honor. Alma Hanton is a charming picture of youthful innocence and her dramatic escape from the toils of the river gives the most cynical and blasé a veritable thrill of horror and amazement. But the surprise finish is such a happy one that it comes as a pleasant relief and makes one leave feeling refreshed and glad that he has seen this picture.

An Effective Laxative For Growing Children

Dr. Caldwell's Syrup Pepsin highly recommended as a family remedy.

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services.

Mrs. Leo Weigand, 3251 Central Ave., N. S. Pittsburg, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without griping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

Dr. Caldwell's Syrup Pepsin can be obtained at any drug store for fifty cents, and should have a place in every home. It will save many times its cost in lessened doctor bills and maintain the health of the entire family. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Illinois.
